

● AGRI CARDBOARD BOXES

PRODUCT INFORMATION

Cardboard boxes and potatoes, fruit & vegetables: boxes were the first products Van der Windt supplied and the potatoes, fruit & vegetables segment was the market in which Van der Windt took its first steps. Since that time Van der Windt has developed into THE specialist offering the right box for every possible potato, fruit & vegetable packaging requirement. Cooling, storage, transportation, protection, shelf-life, presentation, manual or automated packing, waterproof glue, coating, laminating, printing in either flexo-print or offset: Van der Windt's staff will give you sound advice.

Folding cardboard, corrugated cardboard or solid cardboard; from a display (window) box for a bunch of grapes to a display box for tomatoes: Van der Windt is your partner!
