

Horti Rosebag®

Rosebag®
a beautiful gift out of one rose.

The Rosebag® has been developed by a combination of creative ideas, product knowledge and an understanding of what the retailers and their customers want.

The Rosebag® is a luxurious elongated carrier bag for a single long rose and is a symbol of style, love and quality. It is available in several versions to create the right impression whatever the occasion and makes a beautiful gift of a single rose.

The Rosebag® has a luxurious look that costs a little extra to the consumer but they can be confident that it will enhance the gift of a rose so show they have been thoughtful when deciding upon this gift.

The florist wholesaler will find that the Rosebag® creates an opportunity to generate added value to the purchase; its unique design will help sell decorative wrapping paper, water bottles and other related sundries.

Rosebag® is a wonderful present to give, to receive and to sell an absolute must for your product range.

R O S E B A G®
THE BEAUTY OF SIMPLICITY
